Timber in Strong Hands.
The trend of the business recently, he says, has been in the direction of large mill owners securing large areas of timbered lands, and this has been so general and conducted on so large a scale, that soon there will be but isolated tracts that the small mill, or the new lumber manufacturer can secure; when these have been exhausted the business will be in the hands of men who, backed by large capital and knowing the value of stumpage, will be able to control the market and keep the business on the footing that will make it profitable.

Another change that is expected will come about in the trade in a short time, in fact one that the Southern lumber men are now working for is that of making the inspection at the Southern ports prior to shipping, final. The Georgia Interstate Sawmill Association is now working toward that end. When the proper organization for this change has been completed inspections made at Savannah, Brunswick, Ferdinand and Jacksonville will be final.

Properly invested in March cotton will yield \$250 profit in the next two weeks. Don't miss this opportunity. For facts address Turner Cowles, 7 Broadway, New York.

MONDAY AND TUESDAY WE WILL SELL 104 BLEACHED PAPER SHEETING AT 20 CENTS YARD.

NAVAL STORES EXPORTS AT PENSACOLA LAST WEEK.

The naval stores exports at Pensacola for the past week were as follows:
For Liverpool—4,500 barrels of rosin; 4,000 barrels turpentine—Total valuation \$139,000.

These will be held in the high school building and next June will be supervised by Prof. Thos. W. Mather, of Miami, formerly of Yale, who will furnish particulars to those interested.

The only other places in the south where at present such examinations are held, are Asheville, N. C., Louisville, Ky., and Nashville, Tenn., and in this going to the extreme south to a city in direct communication with nearly all parts of Florida, lower Georgia, Key West and Cuba, Yale has made a move of great educational importance.

Yale is at once the most democratic and cosmopolitan of the big universities. Educationally she stands in the front rank; and a young man prepared to enter Yale would find ready admission to any other university. The influence of this standard of excellence upon our local preparatory schools will doubtless be far reaching. Miami is to be congratulated.

MONDAY AND TUESDAY WE WILL SELL MEN'S DOUBLE KNEES OVERALLS AT 38 CENTS PAIR, FAST COLORED.

TURNED OVER TO THE COUNTY AUTHORITIES.
In the police court yesterday morning two defendants were turned over to the county authorities to be tried in the courts. One was C. L. Fulton, who has a charge of threatening a relative against him, and the other was Henry Dawson, colored, who was charged with stealing. The latter, it was alleged, was found by some railroad men Friday night stealing coal from a car which was standing on a sidetrack.

THE UNSURPASSED VINTAGE.
Now being shipped of C. H. Mumm's Champagne accounts for the phenomenal imports of 131,330 cases in 1904. Immense reserves of the super 1898, 1899 and 1900 vintages guarantee maintenance of quality.

The Bargain Grocery.
The grocery store of Geo. W. Pryor & Son, on East Government street is still conducting a bargain sale of groceries. Read the quoted prices in to-day's Journal.

PURCHASED BEAUTIFUL HOME ON BAY SHORE.
C. W. Lamar, vice-president of the American National Bank has purchased a beautiful home on the bay shore, being the property formerly owned by Judge C. B. Parkhill. It is Mr. Lamar's intention to make extensive improvements which will add to the already natural beauty of the place, and when completed will make it one of the handsomest and most convenient homes on the bay front. The price paid was something over \$5,000, which is very cheap considering the location and scarcity of bay front property. The deal was closed through the well known real estate agency of L. S. Brown & Co.

A POPULAR LAMENT.
Where Would Society Be If One Was Judged for the Sins of Others.
"O: I tried one of these hair tonics sometime ago and it never did me a bit of good."
That's what many people are saying today when they refuse Herpicide a trial.

It would be as sensible to say "I never travel on a railroad because I often see collisions mentioned in the papers."

Newbro's Herpicide is specially made to destroy the germ that is living on the roots of your hair.

That is why it is so exceedingly efficacious—it is there for the sole purpose of ridding the hair of this parasite growth, after which the hair grows as nature intended.

Sold by leading druggists. For sale by W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox. Send 10 cents in stamps for sample to The Herpicide rooms tomorrow afternoon.

MONDAY AND TUESDAY WE WILL SELL EMBROIDERY AT HALF PRICE. SEE OUR SHOW WINDOWS.

F. E. BRAWNER,
103 and 105 S. Palafox.

Cold Weather Helps Fruit.
Edwards, Miss., Jan. 28.—The thermometer yesterday morning dropped to 11 degrees. This is the coldest January weather known in Hinds county in many years. As a result, the fruit trees will be retarded from blooming, which is calculated to cause a large fruit crop this spring and summer.
